## ADOBE VOLUME LICENSING

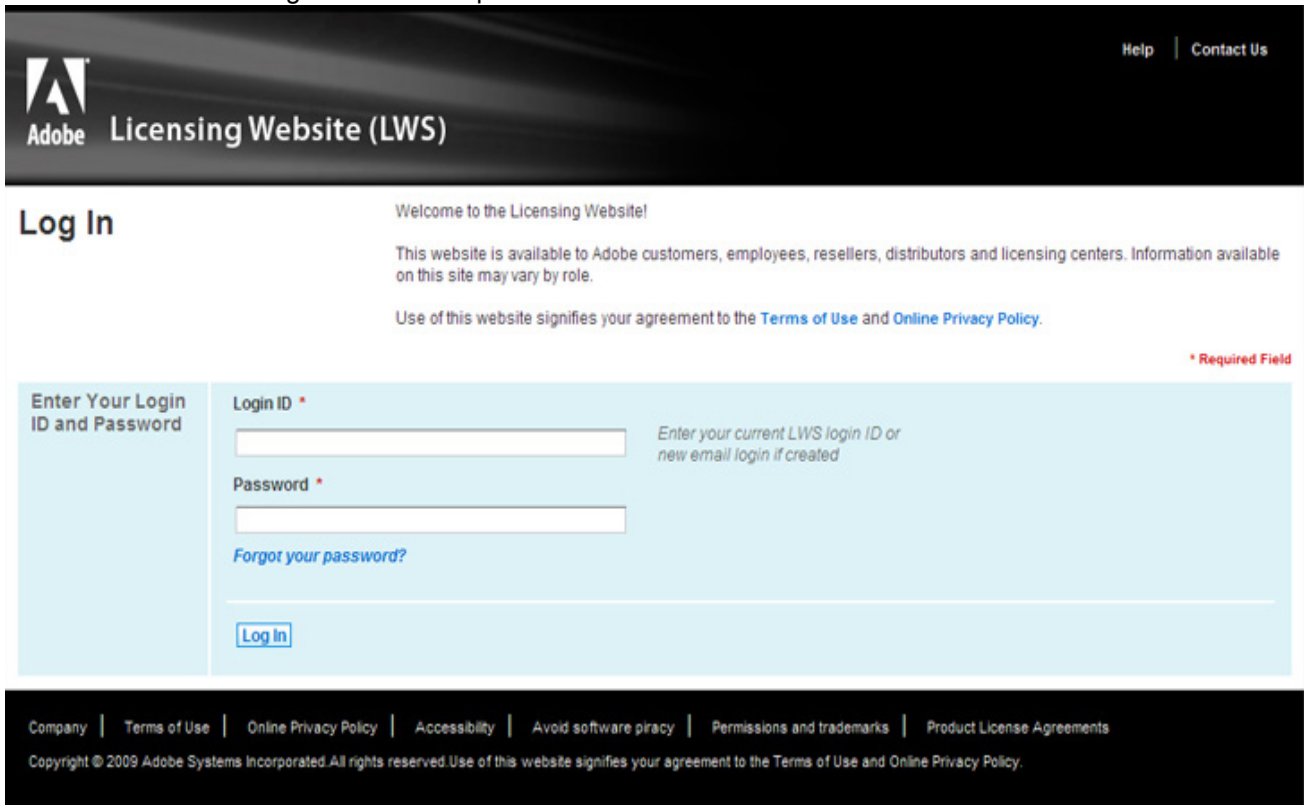

S 17. oktobrom 2009 je Adobe predstavil nov način licenciranja svojih programov pod kratico AVL 5.0. Bistvene značilnosti novega licenciranja:

- prenovljen spletni portal
- spremenjeno število nivojev licenciranja in vrednosti nivojev. Od zdaj sta na voljo 2 nivoja:
  - nivo A - do 2.499 točk
  - nivo B - nad 2.500 točk

Vrednosti nivojev veljata tako za komercialne kot šolske licence.

- elektronski prenos programa – ESD - je že vključen v ceno posamezne licence programa. DVD je še vedno mogoče naročiti, cena za DVD je v ceniku.
- licenco za izbran Adobe program certifikat s serijsko številko programa in povezavo na elektronski prenos programa uporabnik pridobi na spletnem portalu [www.licensing.adobe.com](http://www.licensing.adobe.com). Vsak uporabnik prejme od podjetja Adobe elektronsko pozdravno sporočilo z identifikacijsko kodo - Adobe ID, ki je enaka naslovu elektronske pošte (podana pri naročilu licenc), za dostop do omenjenega portala. Geslo uporabnik kreira sam pri prvem dostopu do portala. Identifikacijsko kodo in geslo uporabnik shrani, saj ostaneta nespremenjena in se uporabita tudi za dodatne nakupe v prihodnosti.
- če uporabnik podatke za dostop do spletnega portala pozabi ali izgubi je na začetni strani spletnega portala povezava kjer lahko ponovno zahteva Adobe ID in geslo za dostop. Za dostop uporabite e-mail naslov ki ste ga navedli pri naročilu Adobe licenc.

Newly Released

Next-generation program, Adobe Volume Licensing (AVL)

Adobe has just moved to a new volume licensing program which contains some exciting new features. If this is your first time visiting LWS since the release of AVL, you'll notice a new look and feel. A new capability includes the ability to grant others within your organization access to this site by clicking **Accounts** then **Manage Your Accounts**.

[Learn more about the new LWS](#)

One benefit of AVL includes changes to Upgrade Plan such as more intuitive pricing, and ESD free of charge with both TLP and
